# HSC Assessment Policy Student Information 2023-24

## **Introduction:**

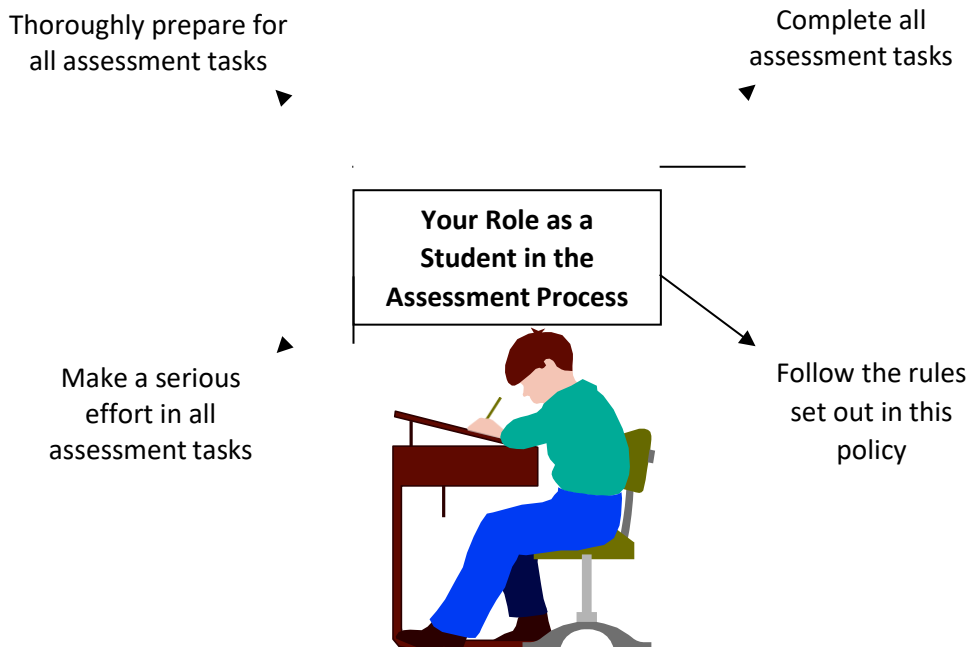

This booklet has been prepared for issue to students in Year 12 at Glendale Technology High School. It is aimed to give those students and their parent's information on student assessment for their HSC Courses. The format of this booklet is that of information supported by some commonly asked questions and their answers. ***Please keep this booklet for future reference.***

## **What is Assessment and why is it important?**

Assessment is the process by which your teachers gather information about your learning. The types of tasks are outlined on each assessment schedule. The main purpose of assessment is to provide information about your achievement, level of understanding and progress for reporting to you, your parents, employers and the NSW Educational Standards Authority (NESA). A critical component of assessment is the feedback provided by your teachers following the completion of a task and/or a section of coursework. Assessment information is also useful for teachers to measure the progress of all students for ongoing teaching and learning.

On your HSC Result Notices you will receive an assessment mark for each of your courses. These marks are based on the quality of student performances in specified course assessment tasks undertaken whilst completing the relevant HSC course.

NESA has identified *compulsory components* that must be included in the assessment program of each course, and the proportion of marks to be allocated to each component. These vary from course to course. Assessment tasks are developed by the school to measure student performance in the course components. Some of the components can be tested by a formal examination, so a certain proportion of the assessment can be derived from major exams.

## ***What do I need to do to be a successful student?***

Students need to satisfactorily achieve the requirements set by NESA for Year 11 & Year 12 Courses. NESA is the organisation that is responsible for -

- Writing the syllabus for each course.
- Setting the external exams for the HSC.
- Awarding students their Higher School Certificate (at the end of Year 12).

To satisfactorily complete an HSC course, students must have:

- ✓ **followed** the course developed or endorsed by NESA;
- ✓ **applied** themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school; and
- ✓ **achieved** some or all of the course outcomes.

and for students undertaking VET courses:

- **undertake** any mandatory work placement.

In addition to any other set tasks and experiences in any HSC course, students must complete HSC assessment tasks that contribute in excess of 50% of available marks. It is emphasised that completion of assessment tasks worth exactly 50% is not sufficient; tasks worth in excess of 50% must be attempted.

**NOTE:** A student must successfully complete at least 10 units in a Year 12 program to be eligible for the award of the HSC in that year. This is critical knowledge for those who are only studying 10 units in their HSC year.

## ***How will I be assessed?***

Your final assessment mark will be based on the results of various assessment tasks. These tasks, which vary from course to course, are learning related activities such as tests, assignments, projects, examinations, essays and practical work units. Your teachers will assess your achievement against standards of performance that are established for each course. You will be awarded a mark that reflects the standard you achieve in each assessment task. You will be aware of the assessment criteria before you attempt a task. You should prepare yourself thoroughly for the task using this information.

In VET subjects, students are assessed by the completion of specified competencies within a set assessment schedule. These are generally practically based and are assessed on an on-going basis throughout the year and therefore do not follow the same pattern as set assessment tasks in non-VET subjects. Students will be notified of the requirements and deadlines for each competency and be given opportunity to demonstrate these effectively as each course progresses.

## ***What are “Standards”?***

The HSC uses a standards-referenced approach for assessing and reporting student achievement. The approaches to be used by schools to provide internal assessment marks will build on the sound practices currently used in schools. Standards refer to:

- ✓ The knowledge, skills and understanding expected to be learned by the students. These standards are indicated in the **syllabus** for each course in the aims, objectives, outcomes and content.
- ✓ The levels of achievement of the students in each assessment task – student **performance** as indicated by the knowledge, skills and understandings achieved.

It is not necessary or appropriate to compare the performance of one student to another student in a standards assessment approach. Students are compared to the syllabus standards, with their marks reflecting how well they match the requirements of those standards.

## ***What is Assessment for Learning?***

Teachers use assessment for learning opportunities throughout the teaching and learning cycle to gather evidence about how students learn and what they know. This type of assessment includes activities undertaken and anecdotal evidence gathered throughout the teaching and learning process in a less prescribed manner than formal assessment. These activities provide evidence for teachers and inform the feedback to be given students in relation to improving their learning.

## ***What information will I be told about assessment?***

In this booklet, you have been given Year 12 Assessment Schedules which outline the assessment details for **each of the courses** you are studying. It includes both formal assessment tasks and assessment for learning activities. These will inform you;

- WHAT you are being assessed in
- HOW you will be assessed
- WHEN each task will be held
- the relative VALUE of each assessment task.

If an assessment task needs to be rescheduled your teacher will issue you with an amended copy of the Assessment Schedule for that course. You will be given this in class at least two weeks prior to the amended task occurring.

There will be no assessment tasks scheduled for submission within the 2 weeks prior to the Trial HSC examinations

### **In the administration and management of formal assessment tasks students will be given:**

- sufficient warning for each assessment task, or regarding variations to the assessment program for a course – a minimum of two weeks' notification;
- clear guidelines on assessment tasks when they are set.
- clear and meaningful feedback about your performance on specific tasks;
- progressive feedback about how you are performing in each course relative to other students in the course (recorded as the Assessment Ranking on two formal school reports during their HSC year);
- information / warnings of school concerns, where you are in danger of not meeting Board or school requirements in a course, in time for them to address and correct the problem. (In addition to Teacher/Head Teacher interviews, up to two formal Board of Studies warning letters per course will be issued by the school so that students who are not meeting requirements will be able to correct the problem).
- appropriate consideration/support arrangements when you have raised genuine problems in advance, or when you have provided proof in the Appeals process of valid reasons for the non-attempt or non-submission of a task;
- appropriate provision in course assessment programs for Year 12 repeat students (ie that you comply with the requirements of the current program), and for students transferring from other schools/interstate;
- appropriate consideration, should they be granted permission by the Principal to change courses, and the adoption of a revised assessment program; and
- a school review/NESA appeal, if you are informed by the Principal that the school is recommending to NESA that you have not studied HSC course(s) satisfactorily.

### **In the administration and management of Assessment for Learning tasks students will be given:**

- What is required to be completed and the timeframe in which it is to be completed.
- Clear overview of what is required to be successful for the task.
- Specific feedback about the strengths of the work completed and what needs to be undertaken to improve what has been submitted.
- A warning for not "applying yourself with diligence and sustained effort to the set tasks and experiences provided in the course by the school" if the tasks are not completed and submitted.

## ***How will my final assessment mark be determined?***

It is not possible (or fair) to test everything you know in one single examination. Progressive school assessment will give you credit for other tasks you complete throughout the year. The nature and value of tasks will vary between each course. All courses will calculate your final assessment mark based on a wide range of assessment tasks, including exams. All of these tasks are specified in your Assessment Schedules.

## ***Why are marks gained in H.S.C. Assessment important?***

If you were to score 60 as your HSC exam mark in English, and 70 as a moderated assessment mark, then the mark in English will be 65. This will contribute towards your best 10 units for tertiary entrance, (Australian Tertiary Entrance Rank - ATAR).

As shown by this example, your scaled HSC exam mark and your moderated assessment mark that will be recorded on your Record of Achievement will be averaged to give a mark that will go towards your aggregate score. Doing your best in every HSC assessment task throughout Year 12 is therefore very important.

## **What are my responsibilities as a student?**

Assessment tasks in class are as important as formal examinations. Students are required to complete all assessment tasks by the due date and to the best of their abilities.

Furthermore, students must:

- make a *serious attempt* at assessment tasks, and avoid any behaviour which disrupts class colleagues during an in-class assessment task;
- approach each assessment task *honestly* and avoid any assessment malpractices (see Procedures relating to malpractice below);
- submit work for assessment directly to the relevant teacher, and ensure receipt is noted. This includes ensuring that the work is submitted in the required form such as typed / written response (already printed), major piece of work or submitted on-line;
- inform their teachers *in advance* if they know they are going to be absent for an assessment task;
- ask their teachers about any assessment tasks which may have been notified during an absence from school;
- lodge an ***Illness, Injury and Misadventure Application*** (see proforma following) within two (2) school days of their return to school, where a task has been missed because of absence; and
- provide proof that they had a valid reason for the non-attempt or non-submission of a task.

Students are also strongly advised to inform/discuss any matters *in advance* (with their teachers) which may affect either:

- the standard of presentation of their assessment task work; and/or
- the timing of submitting a task.

### **Malpractice**

All work presented in assessment tasks and external examinations (including submitted works and practical examinations) must be your own or must be acknowledged appropriately. Malpractice, including plagiarism, could lead to your receiving **zero marks** and may jeopardise your HSC results. Malpractice is any activity that allows you to gain an unfair advantage over other students. It includes, but is not limited to:

- copying someone else's work in part or in whole, and presenting it as your own
- using material directly from books, journals, CDs or the internet without reference to the source
- building on the ideas of another person without reference to the source
- buying, stealing or borrowing another person's work and presenting it as your own
- submitting work to which another person such as a parent, coach or subject expert has contributed substantially
- using words, ideas, designs or the workmanship of others in practical and performance tasks without appropriate acknowledgement
- paying someone to write or prepare material
- breaching school examination rules
- using non-approved aides during an assessment task
- contriving false explanations to explain work not handed in by the due date
- assisting another student to engage in malpractice.

### **What if I disagree with the teacher's assessment?**

If you are concerned about the mark awarded for a particular task, you need to discuss this with your teacher when the work is returned.

If your ranking or position in the group (as shown on your Half Yearly and Yearly Reports), is significantly different from what you expected, you should ask your teacher to check your final assessment mark.

At the end of the last HSC examination, Year 12 students will be given a pin number from NESAs that allows them to access their assessment ranking/position for each course. If this is significantly different from what you expected, you can request the Principal to review your assessment marks. A panel will be established to ensure that the assessment weightings used were the same as those set by NESAs, that the assessment procedures followed were the same as those stated in the course assessment program, and that no computational or clerical errors occurred.

## ***What if I fail to complete a task or submit a task late?***

Assessment tasks will be due on or by specified dates throughout Year 12. Your attendance on the day the task is either to be performed or submitted is therefore **essential**.

Tasks which are not submitted on time or not attempted on a set date (due to absence or illness) will have the following procedures applied.

- A **deduction of 20%** of the mark received will be made **for each day late**, up to a maximum of five days (a weekend counting for two days).
- If work is more than five days late, it must still be submitted with a **ZERO MARK** being awarded.
- Up to five days extension may be given for late work, if in the view of the appeals committee there is a valid reason for lateness.

If a student is unable to complete any assessment task by the due date, he/she may hand it in unfinished and receive marks according to the quality of the work done. Should you require such special consideration for any assessment task (including formal exams) you should complete an "**Illness, Accident or Misadventure Application**" (also known as an **Appeals Form** – located on the last page), which is yellow in colour – collect it from the Head Teacher concerned, Year Adviser or Deputy Principal. **You should then return the completed form to the Deputy Principal on the following school day. Delays may result in your appeal being declined.**

The school's assessment may compensate for factors such as extended illness, misadventure, or domestic problems. A student who is absent, or adversely affected during a particular task, will not necessarily receive a reduced mark for that task, provided that the appeal process is followed.

### **Please note:**

- ✓ Computer problems will not be considered as a valid reason for failing to submit a task on time. You should aim to have all tasks completed and printed at least 48 hours prior to the due date to avoid such issues.
- ✓ It is **your responsibility** to complete and submit an appeal form.

Following any period of absence, it is **your responsibility** to check with each of your teachers for any assessment information (or other work), which you may have missed.

**NOTE:** Warning letters are sent home to formally inform students/parents that course requirements are not being met. They indicate the action necessary to rectify the problem. If the problem is not rectified within the set time an "N" Determination could be awarded from the school after two "N" Award Warnings in a particular course.

## ***What happens when I make an appeal?***

Appeals must be handed to the Deputy Principal who has responsibility for the student on the form shown here. These forms must be handed on either the first or second day of attendance after the closing date for the task.

The Deputy Principal will then form a panel with the subject Head Teacher, alternate Deputy Principal and / or your Year Adviser. This panel will evaluate your appeal for special consideration. You will be advised by the Deputy Principal in writing of the decision and they will also notify your class teacher. Depending on the circumstances, your appeal might;

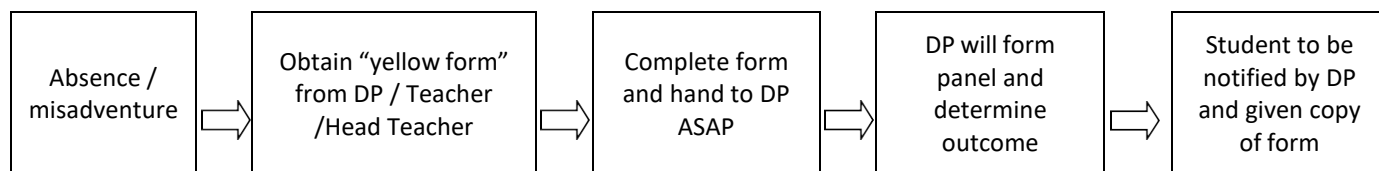

- Be accepted without penalty
- Grant you an extension of time
- Require you to complete a substitute task
- Allow an estimate based on other evidence to be awarded
- Be rejected altogether.

You have the right to appeal this determination, in which case, an appeals committee led by the Principal will determine a final outcome. Should the reasons not be considered valid (or no appeal is made), then a reduced or a zero mark will be recorded and your parents notified. If you have not completed tasks totalling 50% or more of a final course assessment mark, the Principal is required to inform NESA that you have not satisfactorily completed the course. This will result in an N-determination for the course and you may not qualify the award of the HSC.

### **NOTE:**

- There is no ground for appeal against the value of the mark given.
- Medical Certificates are expected in cases of absence through illness.

## The appeal process

## What format will my Higher School Certificate have?

You will receive:

- **Course Report** for each course. It will contain an Examination Mark, School Assessment Mark, HSC mark and the Performance Band.
- **Record of Achievement.** List of all courses with assessment mark, examination mark, HSC mark and the Performance Band.
- **Higher School Certificate Testamur-** stating that the student has met requirements for the HSC.

The maximum mark awarded for both examination and assessment in each 2 Unit course is 100 marks. For Extension Courses a maximum mark is 50. The Year 12 Board Endorsed Courses will show one mark only, the School's Assessment Mark, as there is no HSC examination for these courses.

## Appendix - GTHS Examination Policy

It is necessary to have set exam rules to ensure that our examinations are fair for all students.

- Students are responsible for copying down or collecting their own exam timetables correctly, and for ensuring they attempt the correct exam paper.
- All students should ensure that they are present at the exam room by the starting time of the paper. For all senior examinations, normal HSC Examination reading times of 5 minutes in each paper will be allowed.
- All bags, books etc. must be left outside the exam room, or at the front of the room. No food or drink is permitted in the exam room.
- Mobile phones and any other digital devices (including watches) are banned from examination rooms.
- Students should provide all the necessary equipment required for each exam. eg. ruler, calculator, eraser etc. Borrowing of equipment is not permitted.
- Students should sit in rows as instructed by the supervising teacher.
- Student behaviour in the exam room should be such so as not to disturb the other candidates. Eating, talking, shuffling of papers etc is not permitted. Any students who persist in causing a disruption and disturbing the work of other students may be removed from the exam room and have their paper cancelled.
- Students suspected of, or caught cheating during an exam, will have their papers taken, and details noted by the supervisor. Action taken may include marks being deducted, the paper cancelled and a zero mark recorded, parents being contacted, disciplinary action as part of the School Discipline Policy.
- Students who do not make a serious attempt at an examination will not receive a mark in that paper. This includes answers, which contain frivolous or objectionable material.
- Examinations are to take priority over all other activities, such as sport, holidays, medical appointments and driving tests. In certain cases, special consideration may be given for students who have an exceptional reason to miss an exam paper. Such students see their teacher or the Head Teacher of the subject and their Year Adviser if this is the case.
- No student will be permitted to leave the examination room prior to the completion time of the paper. Any student who completes their work early should spend their time checking through their paper for any missed questions or incomplete work.
- Students are required to wear normal school uniform for each examination.
- If applied for and granted, students who are to receive special provisions for exams will be supervised separately to facilitate extra time, readers / writers or other conditions allowed for the student.

Staff on supervision should engage in active supervision - extra care will be needed in cases where the students are using their own paper.

## Year 12 Assessment Schedule

2023 – 24

Course: Work Studies

Units: 2

Head Teacher: Mr L Tryk

		Task 1	Task 2	Task 3
	<b>Task Type</b>	Research Task – take home	Career Organisation - take home	Portfolio – take home
	<b>Task Title</b>	<b>Personal Finance</b>	<b>Career Plan</b>	<b>Career Portfolio</b>
	<b>Date Due</b>	Term 4 Week 8	Term 1 Week 10	Term 2 Week 8
	<b>Outcomes</b>	3, 4, 7, 8	1, 3, 4	2, 5, 7
<b>Assessment Components</b>				
Knowledge and understanding		10%	10%	10%
Skills		30%	20%	20%
		<b>40%</b>	<b>30%</b>	<b>30%</b>

### Assessment for learning

<b>Learning Strands / Tasks</b>	Seek Research	Personal Finance	Personal Profiles	Career Plan	Employment Pathways	Career Portfolio
Developed knowledge and understanding of work, the work environment and skills for employment	✓		✓	✓		✓
Developed knowledge and understanding of employment options, career management, life planning and further education and training			✓	✓	✓	
Displayed skills for success in the workplace	✓	✓	✓		✓	✓
Displayed skills in critically assessing personal and social influences on individuals and groups	✓	✓			✓	

*Students are expected to maintain sustained and diligent effort at all times during course work.*

School Name: Glendale Technology High School

Assessment Schedule Year 12 – 2024

Assessment Tasks for SIT20322 Certificate II in Hospitality Ongoing assessment of skills and knowledge is collected throughout the course and forms part of the evidence of competence of students.		Task 2	Task 3	Task 4	½ yearly Exam**	Trial Exam**
Code	Unit of Competency	Week 6 Term 4	Week 2 Term 1	Week 6 Term 2	Week Term	Week 4-6 Term 3
SITHIND006	Source and use information on the hospitality industry	X				
SITHFAB024	Prepare and serve non-alcoholic beverages		X			
SITHFAB025	Prepare and serve espresso coffee		X			
SITHFAB027	Serve food and beverages		X			
BSBTWK201	Work effectively with others			X		
SITHIND007	Use hospitality skills effectively			X		

Depending on the achievement of units of competency, the possible qualification outcome is **SIT20322 Certificate II in Hospitality**

**The exam Tasks will be confirmed by your teacher as they may be used for the assessment of competencies and /or NESA reporting requirements.**

**\* Selected units only to be confirmed by your teacher.**

The assessment components in this course are competency based. This means that students need to demonstrate that they have gained and can apply the specific knowledge and skills of each unit of competency. Competency assessment is graded as “not yet competent” or “competent”. In some cases, other descriptive words may be used leading up to “competent”. This means a course mark is not allocated.

**Glendale Technology High School**

Assessment Tasks for SIS30521 Certificate III in Sport Coaching		Cluster 4	Cluster 3 2 <sup>nd</sup> Elective	Cluster 5	Cluster 6
		Coaching the Individual	2 <sup>nd</sup> Elective	Next Level Coaching	Provide First Aid
		Week: 9 Term: 4	Week: 8 Term: 1	Week: 6 Term: 2	Week: TBC Term: TBC
<b>Code</b>	<b>Unit of Competency</b>				
SISSCO003	Meet participant coaching needs	<b>X</b>			
BSBOPS403	Apply business risk management procedures	<b>X</b>			
SISXCAI009	Instruct strength and conditioning techniques		<b>X</b>		
SISSCO012	Coach sports participants up to an intermediate level			<b>X</b>	
HLTAID011	Provide First Aid <i>If delivered by an external RTO - Credit transfer is to be recorded as the outcome on Schools Online</i>				<b>X</b>

Depending on the achievement of units of competency, the possible qualification outcome is a SIS30521 Certificate III in Sport Coaching **or** a Statement of Attainment towards a SIS30521 Certificate III in Sport Coaching.

The assessment components in this course are competency based. This means that students need to demonstrate that they have gained and can apply the specific knowledge and skills of each unit of competency. Competency assessment is graded as “not yet competent” or “competent”. In some cases other descriptive words may be used leading up to “competent”. A course mark is not allocated.
